

For Boys 7 to 16 is the greatest suit for boys ever made. It is a popular suit. It is made of the best fabrics, unshrinkable and of guaranteed color. It is RAIN-PROOF, MOTH-PROOF, and HYGIENE throughout. It has an INDESTRUCTIBLE lining. The ivory buttons on the coat are sewed and reinforced with "holdfast" linen thread, the pockets are tacked with silk. the pants have double seat and knee and are front lined with linen for service, shape and sanitary purpose, they have an Elastic waist-band and the seams are taped to prevent ripping. The buttons are riveted and the rivet covered to prevent rust. An all round suit for every kind of wear. "We guarantee the service qualities of this suit."

**INSULTS** proceed only from black and rancorous minds.—Fielding.

Dresses, Cloaks, Ribbons, Suits, etc. can be made to look like new with **PUR'S** **NAI** **FACELESS** **DYES**. No more.

When a widower marries a widow they are both unselfish; neither of them thinks of No. 1.

Lewis' Single Binder straight 5c. Many smokers prefer them to the cigars. Your dealer or Lewis' Factory, Peoria, Ill.

"**Tips**" Given by Monarchs.

King Edward dispenses a good deal of money in tips every year. Each visit to one of his subjects costs him from \$1,000 to \$3,000. At shooting parties the gamekeepers get \$15 each and the gamekeepers \$25 or \$50 each. When he goes abroad he does still better. On the occasion of his recent visit to the Kaiser he gave away nearly \$10,000 in this way. When the czar visited England he left behind a check for \$15,000 to be distributed among servants who attended him.

**CURED OF GRAVEL.**

Not a Single Stone Has Formed Since Using Doan's Kidney Pills.

J. D. Daughtrey, music publisher, of Suffolk, Va., says: "During two or three years that I had kidney trouble I passed about 2 1/2 pounds of gravel and sandy sediment in the urine. I haven't passed a stone since using Doan's Kidney Pills, however, and that was three years ago. I used to suffer the most acute agony during a gravel attack, and had the usual symptoms of kidney trouble—lumbago, headache, pain in the back, urinary disorders, rheumatic pain, etc. I have a box containing 14 gravel stones that I passed, but that is not one-quarter of the whole number. I consider Doan's Kidney Pills a fine kidney tonic."

Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

**Cure For The Blues**

ONE MEDICINE THAT HAS NEVER FAILED

Health Fully Restored and the Joy of Life Regained.

When a cheerful, brave, light-hearted woman is suddenly plunged into that morbid, gloomy, and deadly state known as the blues, it is usually this way: She has been feeling "out of sorts"

**QUEER TRICKS OF ANIMALS.**

Seemed to Find Pleasure in Washing of Odds and Ends.

Beckmann gives a delightful account of a coon which used to amuse itself by washing various odds and ends in a bucket of water. An old pot handle, a small shell, or anything of the sort would do.

But the thing he loved best of all was an empty bottle. Clinging it in his fore paws he would waddle slowly to the bucket with the bottle clasped close to his breast and then roll it and rinse it in the water. If anyone ventured to disturb him he was furious and threw himself upon his back, clamping his paws tightly to his beloved bottle that he could be lifted by it.

Groos says that bears will do the same sort of thing. He relates the case of a polar bear which used to roll an old iron pot to and fro in his tank, and then, lifting it out, rub it up and down in a trough of running water. He stood on his hind legs and used his fore paws exactly like a washerwoman washing clothes.

**BABY'S TORTURING HUMOR.**

Ears Looked as if They Would Drop Off—Face Mass of Sores—Cured by Cuticura in Two Weeks for 75c.

"I feel it my duty to parents of other poor suffering babies to tell you what Cuticura has done for my little daughter. She was born with a face as if it were a mass of sores, and her ears looked as if they would drop off. Neighbors advised me to get Cuticura Soap and Ointment, and before I had used half of the cake of Soap and box of Ointment the sores had all healed, and my little one's face and body were as clear as a newborn babe's. I would not for anything have sold her for five dollars. Instead of it I paid five dollars. Mr. George J. Steese, 701 Colburn St., Akron, Ohio."

**Drinking Customs.**

Society is soaked in drink. The customs of Europeans in India are all anti-teetotal. It is regarded as unpatriotic to be a total abstainer, because the government has a direct interest in the sale of drink. It is a fact that when Indians become Christians it is necessary to have a temperance society, which as heathens or Mohammedans they did not require. This is due to British drinking customs.—World's Women's Temperance Bulletin.

**Low Rates to the Northwest.**

Every day until Oct. 31st the Great Northern Railway will sell one-way Colonists' Tickets from Chicago at the following low rates:

To Seattle, Portland and Western Washington, \$33.00. Spokane, \$30.50. Equally low rates to Montana, Idaho, Oregon and British Columbia.

For further information address MAX BASS, General Immigration Agent, 220 So. Clark St., Chicago, Ill.

**THE BEST COUGH CURE**

When offered something else instead of

**Kemp's Balsam**

stop and consider: "Am I sure to get something as good as this best cough cure?"

If not sure, what good reason is there for taking chances in a matter that may have a direct bearing on my own or my family's health?"

Sold by all dealers at 25c. and 50c.

**SICK HEADACHE**

Positively cured by these Little Pills.

**CARTER'S LITTLE LIVER PILLS.**

They also relieve distress from Dyspepsia, Indigestion and Biliousness. A perfect remedy for Dizziness, Nausea, Headache, Stomach, Bowels, and all the troubles that come from an impure blood. Small Pill, Small Dose, Small Price.

**ROAD AND FARM IMPROVEMENT**

HANDY SLIDING BARN GATE.

Should Be in Use to Restrict the Cattle and Keep Them Within Bounds.

Where cattle are stabled for the convenience of milking and feeding it is useful in hauling to have small gates hung in alley ways to prevent the stock from becoming unruly. Not infrequently considerable disturbance is brought about in handling a dairy herd while stabling, simply on account of a lack of doors across exposed passageways. In our barn we have small gates located wherever it is necessary.

Sliding Gate for Barn Alley.

To prevent the cows going into an alley or feed room while stabling. The diagram enclosed herewith, says a writer in Prairie Farmer, shows one of the handy gates we have in use. They are great conveniences. The gate proper is made of pine material five inches wide. The gate, of course, is made to fit the place where needed. The two outer pieces are longer and serve as a part of the hanger. The gate is hung upon a two-inch gas pipe, which is in length twice the width of the gate. The straps serve the purpose of hangers and slide upon the gas piping as a track.

In our barn we have in use eight of these handy gates and would not think of getting along without them. In one or two instances when stock got loose they doubtless saved the lives of the animals as our feed room is in easy reach of the stable.

**ROAD TARRING.**

It is Carried on on a Large Scale in France.

Road-tarring on a large scale has been seen in France during the preparation for the Grand Prix race. The tarring is carried out on the Lassalle system by the use of the most improved apparatus for heating the tar and applying it to the surface of the road. Commenced on the 25th of May, the operation lasted scarcely ten days for the 500,000 square yards which were covered, employing two gangs, each made up of six drivers and eight horses, together with eight men for spreading the tar, counting the men needed for sanding the road after the tarring. All the road is the result of this operation, says the Scientific American, and it shows that by the use of the proper apparatus a large extent of road can be treated within a short time and with a small amount of labor. At the last moment the extension of sand which covers the layer of tar will be swept off by the four sweeper wagons employed by M. Lassalle, when the cars will be able to run under ideal conditions. Such a process, far from being an extra expense, is now regarded as an actual economy, seeing that the cost of keeping up the road becomes much less, and this pays for the tarring expenses, and may even exceed the latter, as has been found during a long series of observations made in France.

**TABLE DELICACIES.**

RECIPES FOR SOME SIMPLE APPETIZING DISHES.

**Fish Cutlets Make a Welcome Change in the Menu—Jam Eclaira—Ingredients in Preparation of Hash au Gratin.**

**Fish Cutlets.**—These cutlets are made from cold boiled fish that has been freed from bones and skinned. Make a sauce from one cup of hot milk, one and one half level tablespoons of butter, and three level tablespoons of flour. Cook three minutes, season with salt and pepper, add the beaten yolk of an egg and a teaspoon of finely chopped parsley. Turn into two cups of flaked fish and stir. Cool the mixture or shaping by hand. Dip the cutlets in the flour, then in the egg and bread crumbs and fry in deep hot fat. Drain on brown paper and garnish with parsley.

**Jam Eclaira.**—Cook together one cup of water and one-quarter cup of butter, and as soon as the butter is melted stir in all at once one cup of flour and keep stirring until a ball is made that cleaves free from the sides of the saucepan. Set aside to cool, then add, one at a time, four eggs, beating the batter well between each addition. Drop the batter in long narrow strips two inches apart on a buttered pan and bake in a moderate oven about half an hour. Open a large tin can of jam and cook them they will not fall. When cool cut open the side and fill with any kind of jam. Spread a little white frosting on the top of each.

**Baked Liver.**—Wash and wipe the liver dry. Cut a dozen match-like strips of salt pork and insert in gashes cut in the liver or use a larding needle. Dredge the liver with flour, sprinkle on a little salt and bake half an hour in a hot oven.

**Thin Sugar Cookies.**—Mix four slightly rounded tablespoons of sugar with three rounded teaspoons of melted butter, two tablespoons of milk, one egg, two level teaspoons of baking powder and flour enough to roll out very thin. Cut in shape and bake.

**Corn Sponge Cake.**—Sift together two cups of cornmeal one cup of flour and one level teaspoon each of salt and soda. Beat three eggs with one level teaspoon of sugar, add the egg mixture to the flour, pour in two cups of sour milk and mix well. Bake in one loaf.

**Hash au Gratin.**—Chop cold cooked beef fine, season with salt and pepper and mix in the proportion of one cup of mashed potato to two cups of the meat. For this amount, add a teaspoon of mixed mustard and a teaspoon of pepper. Heat and put in meat and potato and stir until heated thoroughly. Turn into a buttered baking dish, cover thickly with fine bread crumbs, dot with butter and brown slightly in the oven.

**Blueberry Meringue Pie.**—Stir one rounded tablespoon of flour into one cup of sugar, add one tablespoon of lemon juice and the beaten yolks of two eggs, a saltspoon of salt. Mix well, then add three cups of blueberries and mix all lightly together. Put in a pie plate lined with good crust and bake in a moderate oven. When done cool a little, then frost with the whites of two eggs beaten stiff with two heaping teaspoons of sugar, and brown lightly.

**Vegetarian Mince Pie.**—Wash, core and chop fine, 12 apples, add one cup of water, a little cinnamon and nutmeg, a good grind of a lemon, one cup of sweet elder, one cup of sugar, but one cup of raisins, cook till tender, let it cool, then fill the pies and bake till the crust is brown.

**Ham Leftovers.**—A delicious minced and seasoned with green peppers. Cut the ham and remove the seeds in the peppers and cut them into pieces. Put a layer of the meat in the bottom of a buttered baking dish, then a layer of the peppers and a sprinkling of breadcrumbs, dab of butter and hot water to moisten. Cook in this way until the dish is full, cover the top with buttered bread crumbs and bake. Scalloped dishes of this kind should be covered when they go into the oven for the first 20 minutes or thereabouts, and should then be uncovered and browned on the top about ten minutes more.

**Removing Grease from Range.**—If your kitchen range or stove has got spotted with grease while cooking, and you cannot get it to polish, a good way to remove it is as follows: Take a little hand-brush, preferably one used for brushing the pans before putting them away, smear it well with lard from the tin, and rub it well over the greasy parts. Afterwards blacked as usual, and you will find the grease has disappeared and a brilliant polish will be the result.

**For Short Window Curtains.**—When hanging short window curtains it will be found an excellent plan to fasten the ends to the wall with small staples. These, driven into woodwork or wall, hold rods firmly in place; and if tapes are used, they may be drawn through the staples and fixed so firmly that there is no chance of the "droop" which so often spoils the effect of otherwise nice window.

**Fruit and Vegetables.**—Very few people eat as much fruit as they should. Green vegetables that are so rich in salts which aid in regulating the internal system should also form a large part of our daily food. We have them in such endless varieties that one should never tire of them. Spinach, lettuce, watercress and sorrel, each one a splendid tonic for the system.

**Piccolini.**—One quart of green tomatoes, one quart of onions, one good-sized cabbage, 15 medium-sized peppers; chop very fine and mix all together, salt well and leave till morning; press out all the liquid, pack in jars and pour over a nice cider vinegar.

**A New Song Every Day.**—Live with the light of God's love shining into your common day. Take old gifts and joys continued as though they were fresh gifts. Learn to sing a new song to the Lord every day.—Detroit Free Press.

**Oppose England in Egypt.**—Among the principal opponents of England in Egypt are those educated Arabs, who, having learned the French language, are now unable to obtain government positions.

**How to Save DOLLARS in Cooking and Heating**

**FREE INFORMATION COUPON**

Write to us for our new book "How to Save Dollars in Cooking and Heating." It contains many valuable hints and recipes for saving money in the kitchen and the parlor. It is a must for every household. Send this coupon to: Garland Stoves and Ranges, 1234 Broadway, New York, N.Y.

**GARLAND STOVES AND RANGES**

The World's Best

Sold by Leading Dealers Everywhere

**Scorpions Cause Disaster.**

Scorpions were to a great extent responsible for the recent burning of the Kamalapuram tank in India. There had been very heavy rains, but when an attempt was made to preserve the bank of the tank, several insects issued from cracks in the earthwork in such numbers that the attempt had to be abandoned. Over 30 laborers were stung.—Shanghai Mercury.

**Bird Breeding Islands.**

During the last year the Audubon Society of Louisiana has rented some 17 bird breeding islands, located in the waters of the lake, to two wardens, whose wages were paid by the national committee of Audubon societies, and although they were not wholly able to prevent trespassing and egg stealing nevertheless the results obtained were well worth the effort. On the neighboring islands, owned by the federal government, by these simple preventive measures, there were hatched and raised all of 40,000 birds, composed of the following species: Common terns, forsters, terns, royal terns, laughing gulls, skimmers.—Country Life in America.

**Superb Service, Splendid Scenery**

en route to Niagara Falls, Missisquoi and Kawartha Lakes, Georgian Bay and Temagami Region. St. Lawrence, River and Rapids, Thousand Islands, Algonquin National Park, White Mountain and Atlantic Sea Coast resorts, via Grand Trunk Railway System. Double track Chicago to Montreal and Niagara Falls, N. Y.

For copies of tourist publications and descriptive pamphlets apply to Geo. W. Vaux, A. G. P. & T. A., 135 Adams St., Chicago.

**The Port of Hong-Kong.**

Hong-Kong is one of the most active shipping ports in the world, but it is not a market. It is a convenient point for the transfer of cargoes from one country to another. The port is situated on the coast of China, and is a small island, with a limited population, who produce nothing and consume comparatively little but handle a great deal of trade in transit.

**Chinese Send Much Money Home.**

It is calculated that Chinese living and working in other countries now send home not less than \$50,000,000 annually.

**When a married woman throws a hint it is reasonably sure to strike her husband's pocketbook.**

**LUMBAGO AND SCIATICA**

**ST. JACOBS OIL**

Penetrates to the Spot Right on the dot.

Price 25c and 50c

**SALEM WANTED.**

We are seeking a thoroughly experienced salesman in this locality with sufficient money to establish a branch office. Salary \$100 per month plus commission. Apply to J. C. McKinney, 1000 Broadway, New York, N.Y.

**VIRGINIA FARMS.**

For sale, 100 acres at \$100 per acre. Apply to J. C. McKinney, 1000 Broadway, New York, N.Y.

**EDUCATIONAL.**

We teach plumbing, bricklaying and painting. Apply to J. C. McKinney, 1000 Broadway, New York, N.Y.

**THE LAXATIVE OF KNOWN QUALITY**

There are two classes of remedies: those of known quality and those of unknown quality. The laxative of known quality is the only one that is safe and effective. It is the only one that is made of pure and natural ingredients. It is the only one that is made in a clean and sanitary manner. It is the only one that is made by a reputable and experienced manufacturer. It is the only one that is made in a country where the laws are strict and the people are honest. It is the only one that is made in a country where the climate is healthy and the air is pure. It is the only one that is made in a country where the people are kind and the people are honest. It is the only one that is made in a country where the laws are strict and the people are honest. It is the only one that is made in a country where the climate is healthy and the air is pure. Primary Law Faulty.
The first judicial interpretation of the primary election law was made by Judge Fowler of Portage, Wis., on Thursday.

The Dollar Game.
The editor of The Empire, Concordia, Kansas, a republican, reports the results in the following manner:
We have been invited to send a dollar contribution to the republican campaign fund that is being raised by popular subscription and to which President Roosevelt recently subscribed.

The state civil service law is practically a dead letter according to the opinion of Attorney General Sturdevant. He holds that the heads of departments may discharge employees by simply filing with the commission his reasons therefor, and the commission cannot go behind such statement and reinstate the employee.

Secretary Shaw declares that although the tariff protected trusts do rob him, he prefers to be plundered rather than have the democrats reform the tariff. It is really pitiful the way Mr. Bryan did try Shaw, but he brought it on himself. It is understood the republican congressional committee would cancel Shaw's appointments in Missouri if they could get anyone else to talk at the meetings arranged for.

This is the season of decay and weakened vitality. Nature is being short of its beauty and bloom. If you would retain yours, fortify your system with Hollister's Rocky Mountain Tea, 25 cents, tea or tablets. Johnson & Hill Co.

OUR COUNTRY CORRESPONDENTS

PITTSVILLE.
Edith Gilmore is teaching in the Keweenaw district.
Mrs. Dell Murray is visiting relatives at Kellum.

WOUNDS, BRUISES AND BURNS.
By applying an antiseptic dressing to wounds, bruises and burns, the injury may be healed without maturation and in about one-third the time required by the old treatment.

ADVICE TO HOMEOWNERS.
No house is so pleasant, regardless of the comforts that money will buy, as when the entire family is in perfect health.

YANDRIESEN.
Mrs. Jini Wedrich, who has been sick the past three weeks is much better.
Israel Juro drove to Nokona on Friday.

G. A. R. Condolence.

Whereas: It has pleased our Heavenly Father in his wise providence to remove from our ranks (by death) our worthy and esteemed comrade Silas Payne, and while we bow in humble submission to the will of the Great Commander of us all, we realize that in the loss of our comrade, our Post has been bereft of a beloved member and the community of an upright citizen.

Wherefore, Resolved that our Flag and Charter be draped in mourning for thirty days, and that these resolutions be spread upon the minutes of our Post and be published in the city papers and a copy be presented to the bereft family.

Wherefore, Resolved that our Flag and Charter be draped in mourning for thirty days, and that these resolutions be spread upon the minutes of our Post and be published in the city papers and a copy be presented to the bereft family.

Wherefore, Resolved that our Flag and Charter be draped in mourning for thirty days, and that these resolutions be spread upon the minutes of our Post and be published in the city papers and a copy be presented to the bereft family.

Wherefore, Resolved that our Flag and Charter be draped in mourning for thirty days, and that these resolutions be spread upon the minutes of our Post and be published in the city papers and a copy be presented to the bereft family.

Henry E. Jones of Tampa, Fla.,  
writes: "I can thank God for my pre-  
sent health, due to Foley's Kidney  
Cure. I tried doctors and all kinds of  
kidney cures, but nothing done me  
much good till I took Foley's Kidney  
Cure. Four bottles cured me, and I  
have no more pain in my back and  
shoulders. I am 62 years old, and suf-  
fered long, but thanks to Foley's Kid-  
ney Cure I am well and can walk and  
enjoy myself. It is a pleasure to recom-  
mend it to those needing a kidney  
medicine." Daily Drug & Jewelry Co.

receive a regular run in a few weeks.  
Wm. Battelle returned on Saturday  
evening from Princeton, where he  
had been visiting with friends and  
relatives since the previous Wednes-  
day.  
Miss Kate Kellogg, who has been  
employed in the Oberbeck office the  
past year, has accepted a similar  
position with the Grand Rapids Mill-  
ing Co.  
Louis Reichel returned on Thurs-  
day from a trip to Minneapolis and  
Canada where he had been visiting  
with friends and attending to some  
business matters.  
There will be a social dance at  
Derrich's hall Saturday evening, Oct.  
12th. Roundabout will leave Dixon  
Hotel at 9 o'clock sharp. All are  
cordially invited.

Will Granger, who has been lo-  
cated at Kellner for some time past,  
has removed his family to this city  
and will engage in the buying of  
potatoes during the coming season.  
He will be stationed at the old Mc-  
Millan warehouse on the west side,  
and will be in the employ of L.  
Stark.  
Barney St. Denis, one of the  
hastening young farmers of the town  
of Radolph, was a business visitor in  
the city on Saturday and incidentally  
paid this office a pleasant call. Mr.  
St. Denis makes a  
specialty of  
auctioneering and these in need of a  
first class man in that line will do  
well to secure his services.  
Lorenz Reitan of Vesper was among  
the business visitors in the city on  
Saturday. Mr. Reitan informed the  
Tribune man that he has opened up  
the old Olesen house and will run a  
first class hotel. He has rechristened  
it the Vesper Hotel, made many im-  
provements both in and out side of  
the place and installed some new fur-  
niture. He will be pleased to have  
his friends call on him when in Ves-  
per.  
August Kelp, one of the pioneer  
farmers of the town of Hansen, was  
in the city Saturday on business.  
Mr. Kelp traded his farm last week  
to parties in Waukesha for a farm  
three miles from that city and he  
will hold an auction at this place on  
Thursday, Oct. 18, at which time  
he will dispose of all his stock and  
machinery. Mr. Kelp settled in  
Hansen 35 years ago and built him a  
home in what was then a virgin  
forest. He expects to leave for his  
new home about the middle of  
November.  
Elmer Moberg returned last week  
from Hayward where he has been  
since the past May working on the  
new W. C. railroad which is being  
built from Owens to Superior. Elmer  
has a contract to do two miles of  
drainage and reports a profitable  
summers work. His father Peter  
Moberg, has three miles of grading  
and expects to complete his work  
sometime in November. This piece  
of railroad when completed will be  
one of the best owned by the Central,  
is double tracked and will be the  
main line from Chicago to Superior.

—The new up-to-date three act  
comic opera "Miss America," brings  
to us the latest song hits and masterly  
musical numbers, unfolds a comical  
story, a royal laugh provoker. The  
scenic and electrical effects are  
beautiful, gorgeous costumes worn by  
pretty girls who are sweet singers  
and graceful dancers and the greatest  
Prima Donna in comic opera, Miss  
Emma Abbott DeBolt. All an-  
ticipate a most enjoyable evening at  
the opera house Thursday evening,  
Oct. 11th.  
—One of the brightest spots in the  
convention program has been the  
devotional hour each morning at 11  
o'clock in charge of Rev. Fred Staff  
of Grand Rapids. His talk this  
morning was full of fire and inspira-  
tion to everyone.

An Early Morning Fire.  
The house on the east side occupied  
by Mr. and Mrs. Peter Wiskirchen  
was discovered to be on fire about  
4:30 Saturday morning, and not-  
withstanding that the fire company  
got to the scene of operations as soon  
as possible, the building and part of  
the contents were destroyed. Most  
of the furniture was removed from the  
lower story, but that upstairs was  
almost a total loss.  
It is not known how the fire  
originated. There was an insurance  
of \$600 on the building and contents.  
Do you want to buy a farm or a place in the  
city? Call on Jones.

Conducting Devotional Meet-  
ings.  
Rev. Fred Staff, of the Congrega-  
tional church of this city, was at  
Beloit several days last week where  
he was conducting devotional meet-  
ings at the state convention of the  
Congregationalists which was being  
held in Beloit. The Beloit Daily  
News published a picture of Mr. Staff  
on Monday and also a short sketch of  
his life. In speaking of Mr. Staff's  
work there the News says:  
"One of the brightest spots in the  
convention program has been the  
devotional hour each morning at 11  
o'clock in charge of Rev. Fred Staff  
of Grand Rapids. His talk this  
morning was full of fire and inspira-  
tion to everyone."

Henry Lucier, who has charge of  
the steam drills on the work at Grand  
Father Falls, was down several days  
last week visiting with his family.  
Wm. Demars and Nick Warschum  
were also down for a few days. They  
returned Sunday and were accom-  
panied by John Knepp.  
The rural carriers out of Eau  
Claire believe in uniforming them-  
selves and in order to raise funds will  
give a dance and use the proceeds to  
buy uniforms. The government  
does not require them to wear  
uniforms but the carriers believe it  
will add to their appearance.  
VANDERBILT—A girl for general office work. Good  
accountant. References. Apply in own hand  
writing. Address L. Care Tribune office.

—Reserved seats are now on sale  
for the comic opera "Miss America"  
at the Grand Opera House,  
Co., at the Grand Opera House,  
Thursday, Oct. 11th. Reserved seats  
50c to all parts of the house. Secure  
your seats early.  
—The house on the east side occupied  
by Mr. and Mrs. Peter Wiskirchen  
was discovered to be on fire about  
4:30 Saturday morning, and not-  
withstanding that the fire company  
got to the scene of operations as soon  
as possible, the building and part of  
the contents were destroyed. Most  
of the furniture was removed from the  
lower story, but that upstairs was  
almost a total loss.  
It is not known how the fire  
originated. There was an insurance  
of \$600 on the building and contents.  
Do you want to buy a farm or a place in the  
city? Call on Jones.

## Millinery Opening.

WEDNESDAY and THURSDAY,  
October 10 and 11.

Souvenirs given away with each  
purchase in the Millinery Depart-  
ment.

## GRAND RAPIDS TRIBUNE

BY DRUM & SUTOR.  
GRAND RAPIDS, WISCONSIN

Deer are tramping down Connecticut creek. They must be enforcing the game laws in that state.

It cost more to live last year than during any previous year since 1899. But, after all, it was worth the price.

In four years \$100,000,000 has been spent in the United States on automobiles and the horseless era is as far removed as ever.

A bigger and better Valparaiso is promised. Nevertheless, none of the civic leaders are recommending such radical shake-ups.

Bella Lockwood says it is just as necessary for women to study law as to learn to cook. A good many other women seem to take the same view of the case, and they are not studying law either.

An English inventor wants London to banish smoke and stilling loss by generating electricity for its light and power at coal mines. The cost of the plant would be \$1,000,000, and that the loss from the smoke nuisance in London is \$10,000,000 a year. The proposition is said that the best way to suppress smoke in a city is to keep it out.

News comes from Burlington, Vt., that America's Vesputia Spaulding has sued Christopher Columbus for \$17.50. Christopher Columbus has been heard with America Vesputia, and one discoverer apparently discovered that the other discoverer thought he had found a soft spot in the world's map. The original Columbus, it will be remembered, was mistaken as to what he had really discovered when he reached America.

We need not have the slightest fear that civilization is going to become degenerate from city dwelling or any of the other strains of civilization. Contrary to popular belief, declares the Success Magazine, the white man of today has a lower death rate, a higher average length of life, is taller, heavier and stronger than his predecessors, and of no known race of savages. Almost any company of American and English soldiers will contain men who can out-run, out-swim and out-skill the best athletes of any native tribe.

Did anybody ever see anything like the disappearance of Jimmie? A year or two ago everybody was listening open-eyed to marvelous stories of skill with which slender little men overcame giants by a simple twist of the wrist. Teachers of the martial art were anxious for West Point and Annapolis and other colleges were to get them as fast as they could be found. Then our American athletes very obligingly refused to be up-jumped by any of the little reeks, but being the Jimmie experts on the floor, and Jimmie was forgotten.

In the event of the Donaghy council's decision to sell the old five-foot prison being continued by the local government board one of the most historic jails of Ireland will disappear. With all the walls, says the London Daily Mail, the prison contained many notable offenders, including persons concerned in the Irish rebellion and a number of French prisoners who were captured in the sea fight off the mouth of Lough Swilly. Napier Tandy, rendered famous by the lines in "The Weaving of the Green," was incarcerated in this old prison.

Persia has instituted a reform that in old days would have been accomplished by bloody revolution. The shah has created a constitution and a council of state of nobles and a council of state of representatives. The reform is partly the result, no doubt, of the upheaval in Russia, which is a warning against absolutism; and partly due to the demands of the people of Persia backed by threats of armed rebellion. The liberal spirit of the shah, however, who has been in the east in his journeys through Europe, has far back of the change. A modern enlightened monarchy may rise upon the domains of Xerxes and Darius.

It is interesting to note that we are paying for tuition an aggregate sum nearly equal to half the cost of the national government, but when this is reduced to an average it will be found that our generosity gives less than laborer's wages to the instructors of our children. If the service we expect of our children is better than we could expect it must be laid to the conscientious administration of the schools rather than to a business-like policy of paying a fair day's wages for a fair day's work. After all, declares the Pittsburgh Dispatch, as a nation we have not advanced much beyond the time when the teachers "bearded around."

How practical a machine the automobile has become may be judged from the trip recently completed by two men, who covered the distance from San Francisco to New York in 15 1/2 days. The best previous record, made by the same men two years ago, was 33 days, and the best record before that was 66 days.

A Colorado man, while shaving, tried to brush a fly from his nose. He succeeded, but lost the end of his nose. It is a good plan to use the other hand than the one containing the razor when brushing flies.

It will, no doubt, rejoice the hearts of the anti-smokers to know there is a likelihood that the tobacco crop cannot be gathered in Cuba on account of the revolution on that island. Cigars will go up in something besides smoke if there is a shortage of the weed that Charles Lamb cursed and blessed in almost the same breath.

Several hundred white women attended the recent prize fight at Goldfield, Nev. Let it be distinctly understood that they were nowhere mentioned in the dispatches as being beautiful or prominent in society.

Connecticut farmers are complaining that deer are so plentiful that their farms are over-run and growing crops destroyed. Connecticut recently passed a law forbidding the killing of deer in that state until 1911. The farmers believe that deer in other states are doing good and migrated to Connecticut.

A "Kind Word" club has been organized at Memphis, Tenn. It will probably discover that more than kind words will be needed when the handford presents his bill for the roof of the clubrooms.

## EVIL IN OWNERSHIP SAYS ROOSEVELT

NATIONAL SUPERVISION IS ONLY PROPER METHOD.

REMEDY WITH CONGRESS

Control of the Great Common Carriers of the Country Prevents Necessity of Considering Radical Theories.

The government ought not to conduct the business of the country, but it ought to regulate it so that it shall be conducted in the interests of the public. To exercise a constant and increasing and constantly more efficient supervision and control over the great common carriers of the country prevents all necessity for seriously considering such a project as the government ownership of railroads—a policy which would be evil in its result from every standpoint.—President Roosevelt.

Harrisburg, Pa.—President Roosevelt broke the silence of several months to make an address at the dedicatory exercises of the Pennsylvania state capital, paying especial attention to the problems involved in the centralization of wealth and of control of the country.

The president talked strongly on the subject of placing a curb on the stupendous fortunes of the country so far as they are given a free field in the business world, and declared for national control of the concerns that do so.

He said that it is not necessary or reasonable for applying the principles to the extreme of government ownership of railroads. "This he said was most undesirable and could only result in evil under any circumstances."

He said that the president intended that the conservative national government should impose its supervision on these roads and of the large corporations would correct objectionable acts and practices and make government operation unimpaired.

Duty with Congress. Surrounded by an assemblage of distinguished citizens and officers of the greatest audiences ever gathered to the people of the country of the noteworthy things of the recent past and of the impending problems of the near future. "The states," he said, "can do much to root out special evils within their limits, but on the big questions involving the union of states the president is called upon to act."

While he said he abhorred class hatred and despised the narrow hatred of men of wealth because they are wealthy, the chief magistrate asserted it was the duty of the people to bring about adequate supervision and control of the great concerns of the world.

"And also wisely to determine the conditions upon which these fortunes are to be transmitted and the percentage that they shall pay to the government, whose protecting arm alone enables them to exist. Only the nation can do this."

To regulate it to the states is a farce, and it is simply another way of saying that it shall not be done at all. Federal Power Adequate. The president said that under a wise interpretation of the interstate commerce clause of the constitution he believed the national government has the power to deal with all wealth that in any way goes into the commerce between states.

"But, on the other hand, it shall and must ultimately be understood that the United States government, on behalf of the people of the United States, has and is exercising the power of supervision and control over the business use of this great wealth—in the first place, over all of the work of the common carriers of the nation, and, in the next place, over the work of all the great corporations which directly or indirectly do any interstate business."

President Roosevelt referred to what already has been accomplished in this respect and complimented Senator Knox, of Pennsylvania, formerly attorney general of the United States, for the part he has played in prosecuting the big cases brought by the government.

Praise for Keystone State. The president opened his address with an expression of his pleasure at being invited to speak on an occasion so noteworthy, referring to the part Pennsylvania had played in the nation's history and complimenting its people for their ruggedness of character, their enterprise and their patriotism.

Football Kills Another. Toronto, Ont.—Cameron Paulin, 21 years old, died early Thursday at the General hospital from injuries received on university lawn Wednesday afternoon while at practice with the Toronto university football team.

Secretary of Conference. Cedar Rapids, Ia.—Rev. F. W. Swengel, of York, Pa., was elected secretary of the Central conference of the United Evangelical church. The presentation of a gospel to Bishop Harzler completed the first session.

Former Virginia Judge Dead. St. Louis.—Hardening of the heart tissues caused the death Tuesday of Judge Thomas Turner Fauntleroy, formerly a Virginia supreme court judge and once secretary of the commonwealth of Virginia.

## EIGHTEEN DIE IN A MINE

FATAL BLAST OCCURS IN VIRGINIA COLLIERY.

Two Score More May Be Victims—Would-Be Rescuers Halted by Poisonous Gas.

Poconthosa, Va.—Eighteen known dead and from 20 to 40 more men entombed and doubtless all dead, is the situation at the West Fork mines of the Poconthosa Collieries company, where the explosion occurred late Wednesday afternoon.

The bodies of these men were recovered from the mines as the result of the heroic work of a band of 35 men constituting a rescue party that worked incessantly through the hours of the night and day. It was not until 7:30 o'clock Thursday evening that the rescuers reached a point nearest the mine, where the explosion occurred. The work of rescue was very slow, as the conditions confronting the party were difficult to surmount. Toward the middle of the evening the hope was expressed that all the bodies would be recovered.

The authorities anticipated the fearful extent of the casualties by ordering a carload of coffins and burial supplies, which are now on the way. The order is being rushed at Bluefield for the burial supplies, which include 60 coffins.

Superintendent William Leckie, of the mine, who entered the mine as one of the rescuing party, had a narrow escape from death. He was overcome by the fumes and had to be carried out.

Edward Jones, the inside mine foreman, led the first rescue party, and when that party failed to return in a reasonable time a second rescue party was sent. The second party, led by Leckie, was overcome by gas and died, and Leckie barely escaped with his life.

AMERICAN WINS BALLOON RACE. Lieut. Lahm Captures Contest for James Gordon Bennett Cup.

Paris. — Uncertainty regarding the result of the balloon race for the James Gordon Bennett cup, started when Sunday afternoon, and ended at noon Thursday when a dispatch was received by the Aero club announcing that Lieut. O. B. Lahee, of the American contingent, had won the race.

Skipper von Wille of Italy is second, Count de la Vaulx of France third and Lieut. O. B. Lahee of the United States fourth.

The beautiful cup presented for competition by James Gordon Bennett, was awarded to the winner of the race.

Williams of Michigan Corrects Report Regarding Sermon on Bible. Detroit, Mich.—Bishop Charles D. Williams, of the Episcopal diocese of Michigan, Tuesday corrected a report that he had preached a sermon on the Bible.

"I am neither ultra-conservative, nor yet a Robert Ingersoll, and I wish to be understood as correcting the report," declared Bishop Williams. "I did say that a certain view of the Bible is a most prolific source of unbelief. To say that the Bible is the most prolific source of unbelief I would be the rankest kind of a Robert Ingersoll. The Bible must be read thoughtfully and carefully, and a man with a conscience will find the word of God in it."

Decrease in Pension List. Washington.—The annual decrease in the pension roll of the United States for the fiscal year ended June 30, last, amounted to 12,470, the largest decrease ever known in the history of the country. These facts are brought out in the annual report of Commissioner of Pensions Warren, which has been submitted to the report of the commissioner expresses the opinion that there will be a still more marked decrease during the present year.

Iowa W. C. T. U. Is Reunited. Des Moines, Ia.—By mutual agreement of separate conventions held in this city Wednesday, two branches of the W. C. T. U., one known as the W. C. T. U. of Iowa and the other as the W. C. T. U. of the state of Iowa, were reunited and a man with a dispute over the question of affiliation or nonaffiliation with the Prohibition party.

Snowstorm in Colorado. Colorado Springs, Colo.—Colorado Springs Thursday experienced its first snowstorm of the season. Reports from the mountains indicate that several inches of snow will also prevail at Pueblo.

Babe Born to Governor's Wife. Springfield, Ill.—Mrs. Charles S. Deane, wife of the governor of Illinois, gave birth to a daughter Thursday afternoon. Mrs. Deane is said to be in a critical condition, suffering from uraemic poisoning.

Falling Slate Kills Three. Webb City, Mo.—Capt. William M. Moore and Albert Brackey were killed here Wednesday, by falling slate in the Avondale mine, and Newton Cordell was dangerously injured. All are miners.

Two Motor Cyclists Injured. San Diego, Cal.—Broed and Herrick, motor cyclists, who left here en route to Bufile, N. Y., were badly injured at Escondido. The pair were traveling fast when the machine ran into a wall.

Run on Freepress Bank. Freeport, Ill.—There was an unsuccessful run on the German bank Tuesday. Forty or fifty thousand dollars were handed over the counter before the demand ceased, the bank paying everybody who appeared.

Shot After-Killing Judge. Askani, Russia.—During the trial of the second section of the troops who mutinied here in June, an unknown man killed the judge advocate, Gen. Rikievich. The assassin was shot down by an officer.

## AN EMBARRASSING POSITION.

U. S.—What's One to Do in a Case of This Kind?

## WOULD CURB BIG FORTUNES

PRESIDENT TO URGE REFORM IN MESSAGE TO CONGRESS.

Will Recommend Enactment of Inheritance Tax Law—Field Estate an Instance.

Washington.—President Roosevelt has inserted in his forthcoming annual message to congress a recommendation that a law be passed imposing a national tax upon inheritances. This president first called public attention to this idea in his celebrated "muck raking" speech which he delivered at the laying of the corner stone of the new building of the house of representatives April 14 last.

Therein he expressed the view that ultimately the United States would have to consider the adoption of some such scheme as that of a progressive tax on all fortunes beyond a certain amount either given in life or devised individual—a tax so framed as to put it out of the power of the owner of one of these enormous fortunes to hand on more than a certain amount to any one individual. Such taxation should be aimed merely at the inheritance or transmission in their families of their fortunes swollen beyond all healthy limits.

He deeply regrets, for instance, that there was no such law to prevent Marshall Field from tying up his estate in the way he did. The Field fortune is regarded as having "swollen beyond all healthy limits" at the time of its owner's death. It will be a positive menace by the time it is turned over to the heirs.

If John D. Rockefeller and other wealthy men of the country should follow the example of Mr. Field, there would develop an oligarchy of wealth which would bring disaster to the American people.

## COMING CABINET CHANGES.

Secretaries Moody and Shaw to Retire This Winter.

Washington.—Two retirements from the president's cabinet are slated for the coming winter. They are those of Attorney General Moody, whose resignation will become effective about the 1st of December, and that of Secretary Shaw, who, according to present intentions, will retire in February.

For one of these vacancies to be created, the president will nominate George V. L. Meyer, American ambassador to Russia, but for the other he is not yet ready to announce a successor.

Mr. Roosevelt has sought to prevail upon Attorney General Moody to remain in the cabinet, but the latter, because of business arrangements he has made, has found it impossible to do so.

He also would like to have Secretary Bonaparte take Mr. Moody's place when the latter retires, but the latter has declined the position.

Some suggestion has been made that Secretary Metcalf, of the department of commerce and labor, take one of the positions to be made vacant in the proposed shifting of cabinet officers, but he also has expressed a preference to remain where he is.

Kansas Pioneer Dead. Kansas City, Mo.—William Weston, a pioneer who held many municipal offices here, died aged 75 years. Mr. Weston, who served through the civil war in a Kansas volunteer regiment, came of a family of soldiers.

Old River Captain Dead. Watertown, N. Y.—Capt. William M. Moore, aged 45, owner of the passenger steam yacht Idler, and one of the best known St. Lawrence river steamboat men, died suddenly Thursday at Alexandria Bay of heart failure.

Opens Wisconsin Campaign. Milwaukee, Wis.—The Democratic state campaign opened here Thursday night when John A. Aylward, the candidate for governor, spoke on the principles of his party before an enthusiastic gathering in Pabst theater.

Falling Slate Kills Three. Webb City, Mo.—Capt. William M. Moore and Albert Brackey were killed here Wednesday, by falling slate in the Avondale mine, and Newton Cordell was dangerously injured. All are miners.

Two Motor Cyclists Injured. San Diego, Cal.—Broed and Herrick, motor cyclists, who left here en route to Bufile, N. Y., were badly injured at Escondido. The pair were traveling fast when the machine ran into a wall.

Run on Freepress Bank. Freeport, Ill.—There was an unsuccessful run on the German bank Tuesday. Forty or fifty thousand dollars were handed over the counter before the demand ceased, the bank paying everybody who appeared.

## FIVE VICTIMS OF RAIL WRECK

Military Special Bumps Into Rear of Passenger Train.

Lansingburgh, N. Y.—Five passengers were killed outright and a score were injured in a rear-end collision between a regular passenger train and a military special on the Boston & Maine railroad, directly in front of Lansingburgh depot, north of Troy, about five o'clock Thursday.

The collision took place on a heavy grade, and sharp curve. The passenger train was one that leaves Boston daily at 9:30 a. m. for Albany. It consisted of five cars, a baggage car, smoker, day coach and two parlor cars, and was about one hour late when it reached Lansingburgh station, waiting there for a chance to get into the Troy depot.

Without apparently any warning, the "special" came thundering along with 18 cars and crashed into the passenger train, smashing the last two cars, which were Pullmans, like eggshells.

Both these cars were swept from the track and rolled down the embankment. The engine of the special kept on for a dozen yards and then turned turtle, the front end plowing into the ground and the car behind being telescoped by the tender.

## POLICY KING KILLS HIMSELF

"Al" Adams, of New York, Ends Life with Revolver.

New York.—Albert J. Adams, who made a large fortune as the head of the policy gambling combine, shot himself in the head Sunday night at his apartment in New York city. His dead body was found Monday morning. Adams had been in poor health since his release from Sing Sing prison, where he served a term for having conducted a policy game in New York.

At the office of the Colonial Security company, of which Adams is treasurer, it was said Monday that Adams had been ill of diabetes for a year, and that it was this illness which must have prompted him to commit suicide.

New York.—Coroner Harburger, in a statement made Tuesday, gave an intimation that he was not entirely satisfied that the death of "Al" Adams, the former policy king, was the result of suicide.

## MISSOURI ATTORNEY CONVICTED

James B. Dodson, of Springfield, Found Guilty in Land Case.

Springfield, Mo.—James B. Dodson, an attorney of this city, was found guilty by a jury in the federal court of having made false affidavits in a land entry before the United States land office here.

Dodson's offense consisted of having made affidavits that 40 acres in Christian county was unoccupied and subject to entry, although a man was living on it. The owner of the tract had paid \$2,000 for it, and Dodson, it was proved, offered to relinquish the claim he had upon it by reason of the false entry for \$500.

Attempts Murder and Suicide. Litchfield, Ill.—Lying side by side in the same ward at St. Francis hospital, this city, are Alonzo Curtis, a farmer, and his wife, waiting the result of the former's attempt at murder and suicide. Both are expected to die.

Circumstances indicate that Curtis, a prosperous farmer, living three miles east of this city, returned home from Hillsboro in a drunken rage and attacked his wife with a butcher knife while she was still in bed.

State Official Resigns. Springfield, Ill.—R. Weldon, who has been connected with the state highway commission since its organization resigned to accept a place on the editorial staff of an engineering publication in New York.

Hoke Smith Is Elected. Atlanta, Ga.—The Democratic ticket headed by Hon. Hoke Smith for governor, has been elected by the usual majority, there being no opposition except the Socialist ticket, headed by J. B. Osborne.

Supreme Court Vacancy. Washington.—The president will not make any appointment to fill the vacancy on the bench of the supreme court of the United States until the reassembling of congress in December. Secretary Taft has been offered the position.

Secretary Root at Washington. Washington.—The United States naval vessel Sylph with Secretary Root aboard, arrived in Washington Sunday. Accompanying Mr. Root was Mrs. Root and his son and daughter.

Bryan Entertains Home Folks. Lincoln, Neb.—W. J. Bryan, who returned to his home near this city Sunday, entertained at his residence Monday night more than 100 Nebraskans who comprised his "Home Folks" delegation that met him in New York.

## DAMAGE IN CYCLONES

THREE TORNADOES IN NEW ORLEANS AND VICINITY.

SEVEN PERSONS KILLED

Path Ripped Through Five Miles of Residence and Business Section

Destroys Property Estimated to Be Worth \$500,000.

New Orleans.—Three separate tornadoes struck New Orleans and vicinity Friday, causing loss of life and great property damage in sections which a week before were more or less devastated by the gulf hurricane. The first tornado was at Ponchartraine, La., about 10 miles north of here, the second in New Orleans, and the third near Biloxi, Miss., about half way between here and Mobile, on the gulf coast.

Seven persons were killed in the cyclonic disturbances, according to reports which reached here from the country about New Orleans. Deaths are reported by New Orleans, St. James and West Baton Rouge parishes.

The tornado at Ponchartraine struck the southern end of the town about seven o'clock in the morning. George Hawes was killed in his home, which was blown down, and his wife and four children were badly injured. Three negroes were also reported killed at Ponchartraine.

The second tornado appeared in New Orleans soon after eight o'clock, ripping a narrow path through five miles of the city's residence and business section and doing \$500,000 damage. No lives were lost here, but one negro was probably fatally injured by a freight car which overturned on him, and half a hundred other persons were injured, 11 of whom were taken to hospitals.

The third tornado passed seven miles northwest of Biloxi, Miss., where it overturned an engine and three cars belonging to the Dantzler Lumber company, slightly injuring the engineer and fireman. Housewives, which withstood a recent hurricane, were uprooted in this section.

INSURGENTS SURRENDER ARMS. Rebel Commanders Aid in Inducing Men to Give Up Guns.

Havana.—Although the surrender of arms has not been made compulsory, either by the provisional government or the disarming commission, rebel commanders have all given their followers to understand that it was expected and that the laying down of their arms was a matter of duty. The result of this has been that the number of rifles surrendered is larger than the number of men disbanded, thus the government expected. For instance, 800 rebels disbanded in Pinar del Rio province up to Friday, have turned in 600 guns. Gov. Taft regards this proportion rather better than the average, but reports from Santa Clara indicate that nearly all the guns of Gen. Guzman's command have been surrendered.

## BRIDGE OVER FALLS COLLAPSES

One High School Student Killed When Crowded Structure Gives Way.

Menominee, Mich.—While a party of 25 students of Menominee, Wis., high school were standing on a footbridge at Onondaga Falls, Wis., Friday watching the falls, the structure collapsed, hurling the whole party 40 feet into the stream. William Ballou, aged 14 years, was killed and Viga Sentil, Hazel Denizen and Frank Donley seriously injured. Prof. Newcomb, the instructor, was also injured and several others were slightly injured.

## GAS CAUSES DEATH OF EIGHT

Explosion in Philadelphia Subway Does Considerable Damage.

Philadelphia.—Eight men were killed and nearly a score of persons were injured Friday by the explosion of illuminating gas in the Market street subway at Sixth street. The street caved in, halting traffic and resulting in a suspension of business. Fire followed the explosion, but it did no damage to neighboring buildings. The loss, it is believed, will exceed \$300,000.

## Big Earthquake Registered.

Washington.—The weather bureau Friday issued a bulletin announcing that the bureau's seismographs recorded "another great earthquake" beginning at 9:05 p. m. on October 1, but that the earthquake probably was not disastrous.

## Recover 29 Bodies.

Bluefield, W. Va.—Twenty-nine bodies have been recovered from the west fork of the Poconthosa Collieries company mine at Poconthosa, Va., and a conservative estimate places the total number of dead at 70.

## Italian Women Storm Schools.

New York.—Believing the board of health physicians were cutting the throats of their children in a public school in the Williamsburg section of Brooklyn, 1,500 women, nearly all Italians, stormed the school building.

## Three Burned to Death.

Portland, Me.—Three of the seven children of the family of Mr. and Mrs. Joseph Vanier, of this city, were burned to death Friday in a fire caused by the explosion of a lamp which had been accidentally overturned.

## Public Land Withdrawn.

Washington.—The secretary of the Interior has withdrawn from entry all public land within a area of 300,000 acres in the San Diego and district in California, to be in incorporated in the San Diego forest reserve.

## Governor's Wife Held Her Own.

Springfield, Ill.—Dr. L. C. Taylor, the attending physician of Mrs. Charles Deane, stated that she was in good condition of health and that she was doing as well as could be expected.

## Shaw Speaks in Ohio.

Hamilton, O.—Secretary of the Treasury Leslie M. Shaw addressed a large audience in Beckett's hall here Friday. The secretary spent two hours at the Rutledge county fair, where he spoke briefly.

## Withdraws Hague Expense Bill.

The Hague.—In the lower house of the states general Friday the government withdrew the bill authorizing the expenditure of \$15,000 for the reception of the members to the second peace conference.

## FILLING FOR THE SANDWICH.

New Ideas in This Popular Afternoon Refreshment.

Every housewife is more or less interested in sandwich fillings. There are several good ones, each requiring a few simple ingredients, and each a mixture of the three. The addition of a few black walnuts gives a pleasant flavor of which many people are fond. Brown or graham bread is nice for these sandwiches. The nuts are chopped quite fine. The bread is laid a lettuce leaf. A teaspoonful of rich mayonnaise dressing is spread over the lettuce, and this is sprinkled thickly with the chopped nuts. The top slice of the sandwich, after being lightly spread with butter, has also a spreading of mayonnaise dressing.

Some people are fond of a Parmesan cheese with the nuts, and this can be used or not as desired. The grating of this dish should be leaves of delicate green lettuce, and set in each a shelled half walnut.

The remains of cold fowl and cold ham or tongue can be used, the mixture being especially tasty mixed with some good melted butter, sufficient to make it soft enough to spread easily. White bread, lightly buttered, is used for these sandwiches, which are cut in squares or diamond shapes.

Use the remains of cooked poultry, game or shellfish, cutting them into small neat pieces. Lay the meat on slices of buttered toast. Spread with a thick sauce. For poultry or fish mayonnaise is preferable, while for game a thick, white sauce is best. Garnish the tops of the sandwiches with white of egg and pickles chopped fine.

## GIFTS FOR THE BABY.

Dainty Trinkets Designed for the Household Tyrant.

A little ring chain of gold, so fine as to be almost invisible, fast and fast to a ring, inside the hand, so securing the ring if it is large enough to slip off easily, which is usually the case with a baby's first ring.

Baby armlets made of narrow shirred pink or blue ribbon and trimmed with diminutive gold or silver rings, are also popular. Baby rings, made of gold or silver, are also popular. Baby rings, made of gold or silver, are also popular.

Small powder puff bags, sponge bags, etc., are made in pink or blue silk or flannel stuff over silk and daintily embroidered with the baby's name in a simple design. The sponge bags have, of course, a thin rubber lining.

Lovely little comb, brush and powder sets are shown in white, pink or blue celluloid, painted by hand, and are really more babyish and prettier in the baby basket than costlier sets of real ivory and silver.

Padded cloth hangers, covered with pink or blue ribbon and reproductions in miniature of the pretty coat and bodice hangers made for women, are used for baby's cloths and dresses that must not be crushed and rumpled.

## DOMESTIC SCIENCE.

Always put the sugar used in a pie in the center of the fruit, not at the top, as this makes the paste sodden.

Keep the cake griddle in good condition by the vigorous use of sandpaper occasionally, using very little grease for frying the cakes.

Water should never be put on gift frames. The water should be wiped with dry cloth or chamois. This applies to all metal and lacquered goods.

A piece of soap the size of a pea in a quart of stewed rhubarb or gooseberries greatly reduces the amount of sugar required without impairing the flavor in the least.

Among the artistic materials in use for wall paper, there is none so charming as Japanese grass cloth, with its interesting handloom weave and attractive silky gloss. It is, of course, not inexpensive.

Roll all pieces of wrapping paper not good enough for further use that are usually thrown into the fire into a bucket of water. The water will help wonderfully in the kindling basket for the morning's fire.

Plenty of soap and cold water and no soda are the secrets of success in washing board floors, and the wood must be scrubbed the way of the grain and not round and round if you want to get the wood floor as white as the water. You can't expect boards to be as good color if they are rinsed in dirty water.

&lt;

DRUMB & SUTOR, Publishers.

## J. T. SCHUMACHER'S CASH STORE

### Special Cut Price Sale

ONE WEEK BEGINNING MON. OCT. 15-20.

IN order to move some of the slow moving goods faster of which every large store gets their share, and get them out of the way entirely, I will hold a one week special cut price sale, throwing in a good many staples to make things lively. Remember these prices are positively for one week only.

10 per cent discount on all boys' and children's shoes, this week only.

#### Comforts.

10 per cent discount on all Comforts on hand ranging in price from 90c up to \$2.50.

#### WIN FIRST GAME.

High School Boys Defeat Stevens Point High by Score of 27 to 0.

"There was nothing to it" is the way boys expressed the outcome of the football game last Saturday with the Stevens Point high school. The game was played under the new rules of this year and to an outsider there is very little apparent difference from the game that has been played heretofore. The one noticeable difference being that it is necessary to gain ten yards instead of five as heretofore in the three downs.

The game opened on Saturday by Stevens Point kicking off, when the ball was caught by Grand Rapids and steadily advanced until Arpa carried the ball over the line for a touchdown. The boys failed to kick point, however, an account of the wind. The second kick up by the Grand Rapids team and this time Voyer carried the ball over the line, but goal was missed again and the score was 10 to 0. Grand Rapids made the third touchdown for the home team, and this time goal was kicked, the score being 16 to 0 at the end of the first half.

In the second half Stevens Point braced up a little, but it was for only a short time and the ball was carried over the line twice in this half. Arpa doing the man that was chosen to do the work in both cases. The home team also kicked goal once, making the score 27 to 0.

The Stevens Point team appeared somewhat lighter than our boys, and it was impossible for them to make any headway against the kind of work that was put up by the home team. Some of the boys took a little time out during the game, but nobody was injured in any way. Following is the lineup of the two teams:

Stevens Point	pos	Grand Rapids
Copps	to	Barley
Hell	lt	G Arpin
Bigselow	rt	Voyer
Bentley	lf	Heiser
Hagan	rg	Ich and Hill
Baker	lg	Dannun
Chalin	lth	Corcoran
Kotendahl	lth	Crowns
Maldy & Kruger	c	Smith
Woodworth	a	H. Arpin
Officials:		Hagberg, umpire; Fast, Referee.

#### For Beating His Wife.

Albert Weis was up before Justice Brown one day last week charged with having struck his wife. He pleaded guilty to the charge and paid a fine of \$1 and costs and was allowed to depart. He made a plea for a light fine on account of it being his first offense, and as his wife joined with him the judge's heart was touched and he made it as easy as possible for him.

It seems, however, that his reformation was only temporary, as before he got out of town he had another powwow with his better half in which she came out second best as before. Another warrant was sworn out for the man, but he has not been apprehended at this writing. The parties live out in the Ten Mile creek country.

#### Teachers Will Meet.

The Northwestern Teachers Association will hold its annual meeting at Appleton this year on Friday and Saturday of next week. Prof. H. S. Youker of this city is president of the association and we notice that Prof. M. H. Jackson of the Wood county Teachers Training school is on the program for a paper entitled "Irregularities of attendance—Conditions—Causes—Remedy."

A number of our local teachers have made arrangements to attend the sessions and it is expected that there will be a large number present.

#### Install New Switchboard.

Another new switch board was installed in the Nekoma exchange last week, the one put in during the summer having failed to give satisfaction to the patrons down there. The new board last summer was guaranteed to be satisfactory in every respect, but after several months trial it was declared to be unsatisfactory and Manager Paulus went after the manufacturers and made them replace it with another. The new board is put in under the same guarantee and if it is not satisfactory after thirty days trial it will be taken out and the money refunded.

#### Concert and Dance.

The members of St. Catherine's Guild have made arrangements with the Tremadors, a company of musical artists under the management of Emily Murray, to give a concert in this city on Thursday evening, Oct. 18th, after which there will be dancing until twelve.

Miss Murray, who is at the head of the company, will give readings from Eliot's book, Nihilism. Miss Murray has an excellent reputation along this line and should be heard to be appreciated. The musicians in the company are of a high class and the selections they handle are some of the best that are published.

#### Provost-Lawrence.

A quiet marriage was solemnized at the Catholic church at Rudolph, last Saturday, Rev. Van Sever, officiating. The contracting parties were Miss Mary Lawrence and Will Lawrence. The bride, having adopted the Catholic faith, was baptized in the church. The witnesses were Miss Laura Provost and Will Hamlin.

The young couple have gone to housekeeping at Biran, where they will be at home to their friends. Congratulations.

#### Death From Diphtheria.

Mary Elizabeth Gibson, the 5 year old daughter of Mr. and Mrs. Glas Gibson, died at her home on Grand Ave. Monday morning, the cause of her death being diphtheria. The funeral took place at 1 p. m. and remains were interred in the Forest Hill cemetery. The parents have the sympathy of all in their sad affliction.

#### Will Celebrate Silver Wedding.

Mr. and Mrs. Gust Kruger will celebrate their silver wedding anniversary on the 10th of October, on which occasion a number of their friends have been invited to be present and assist them in the good time they intend to have.

Garry Mason has installed a new Regal electric piano in his sample room on the west side.

#### Got Fifteen Days.

Anton Crane, charged with shooting a dog belonging to Helen Potock, had his trial before Justice Brown on Tuesday. He was fined five dollars and cost and in default of payment was sent to the county jail for fifteen days.

The complainants in the case claimed that while passing John Hildebrand's place east of the city the dog had run into the yard where Crane was, and that he went and secured a gun, and in spite of the present offering to pay for any damage that had been done, he paid no attention to them and killed the dog. Crane claimed that the dog had killed one chicken and was about to kill another, when he, having been left to watch the place, procured a gun and shot the animal in order to prevent further damage.

It developed during the trial that the dog weighed four pounds and was not considered a ferocious animal.

#### A Beauty Chorus With the Opera Company.

See and hear the great Italian musical number, "Punchinello" by the charming American chorus girls. In the costumes of Italian maidens in the dances of the tribe, with "Miss America," the latest and best of all Comic Operas.

One of the most comical scenes ever presented in comic opera is the scene of the Ball in Old Mexico where the plot is laid, our hero who tries to win the love of Miss America by pretending to fight the ball. Song: "You're a Hero" Opera House Thursday, Oct. 11th.

#### Football Saturday.

There will be a game of football at the fair grounds next Saturday afternoon. The competing teams being the Stevens Point Normal and the high school team of this city. The game played before by these teams resulted in a score of 0 to 0 and the boys are making preparations to beat their adversaries next time. A good game may be looked for and there should be a good turnout to witness the game.

#### Coming Poultry Show.

The management of the Grand Rapids Poultry and Pot stock show are planning for their first annual show to be held Dec. 5-8 1906. A committee has been selected to solicit funds from the various business houses or take advertising space on the d o g g e r s, etc., to be put throughout the county. This committee is meeting with splendid success, and everything indicates that the show will be a success.

Will Delap, a former resident here but who is now living in Kansas, is in the city this week visiting relatives and friends.

#### WAS A GOOD GAME.

Elks of Marshallfield and Grand Rapids Play Fifteen Innings With Score of 3 to 3

The Elks baseball team came down from Marshallfield on Thursday and played a game with the local Elks at the fair grounds, the game resulting in a tie, the score being 3 to 3 at the end of the fifteenth inning, at which time the Marshallfield boys had to stop playing in order to catch the train for home.

The teams had played two games before this season, one at Marshallfield and one here, and it had resulted in each team winning a game, and it was thought that the game of Thursday would be the one that would decide which was the best, but it seems that the lates had willed otherwise, and the problem still remains open.

The game started in as if Grand Rapids were going to have things all their own way, but after the Marshallfield boys got warmed up they tied the score and then it was impossible for either to score, although both teams were made on both sides.

This probably ends up the baseball games for this season, but the boys state that they hope to get started early in the spring and have a good team next year.

#### Closed for the Season.

The Grand Rapids Brick company have closed operations for the present season, having turned out about a million and a quarter of brick. Manager Hamilton states that the business of the yard was somewhat handicapped this year on account of the inability to secure men to do the work, and as a consequence the output was not so large as it would otherwise have been. Hereafter it has been the habit to make enough brick to last from the spring trade to the end of the year and also take care of the yard starts up in the spring, but this year the stock will be entirely cleaned up, and nothing left over for the coming year. The demand for this material has been unusually large this year, which partly accounts for the shortage.

Manager Hamilton expects to open the roller rink again for skating about the first of November.

#### James Halverson.

On Monday morning occurred the marriage of Miss Eva Jones to Mr. Charles Halverson, both of this city, at the home of the bride's parents, Mr. and Mrs. W. F. Jones, Rev. Fred Stach officiating. Only the immediate relatives of the contracting parties were present. The newly married couple left on the noon train for the south, and upon their return will make their home in this city. Mr. and Mrs. Halverson will be at home to their friends after November fifteenth.

Both of the contracting parties are well and most favorably known in this city. The bride being the daughter of Mr. and Mrs. W. F. Jones, and a most estimable young lady whom any man might be proud of, while the groom is one of our rising young merchants who has already proven himself to be a man of ability and integrity. The Tribune wishes with their many friends in wishing them a long and happy wedded life.

#### Have Taken up Homestead.

James Haggard and James Menden returned last week from Minnesota where they had been for some time looking over the ground with a view to taking up a homestead. They report that they each took up a piece of spruce land, and also that Nic Gross and L. Reinhardt had the same. Mr. Reinhardt returned from the north some time ago, but Mr. Gross is still up there, where he expects to remain for a time. They speak very enthusiastically of the country up there and are of the opinion that the chances are still good for making a good thing out of a timber claim.

#### Men Reported Searched.

Those who are organizing lumber camps for the coming winter report that it is very hard to get experienced men to go into the woods, that in fact it is hard to get men of any kind, either experienced or otherwise. This is explained because of the fact that wages are considerably higher in other branches of labor than is usual at this time of the year.

One man stated that it was necessary to have three gangs of men nowaday in order to run any kind of an institution, one crowd going to the camp, one coming out, and another at work.

#### MARRIAGE LICENSES.

Anton Haydock of Rudolph to Agnes Rick of Sigel.  
Wm. Seitz to Louise Janschele both of the town of Lincoln.  
Frank Bohle to Corolla Potansky both of Sigel.  
August W. Zehrer to Mary Benner both of the town of Cary.  
Gifford W. Vale to Jennie F. Lang both of Marshallfield.  
A. W. Bevor to Maimie Reine both of Marshallfield.

## JOHNSON & HILL COMPANY

### YOUR BOY NEEDS HIS WINTER CLOTHES.

You can buy now to best advantage.

EVERY possible advantage to purchasers has been combined in our efforts to make our Juvenile business a signal success. A great portion of our stocks are the superior productions of Ederheimer & Stein. Our exacting specifications with all makers have developed an unusual degree of perfection in every detail of workmanship. Designers, especially, have been made to appreciate the importance of our requirements that goods be up to the highest standard. As a consequence, our displays include not only the largest and most varied assortments, but designs in which taste, refinement and beauty have never been so effectively combined. This is especially true of the hundreds of daintily fashioned children's garments. As to values—we invite inspection of these with the absolute knowledge that every garment is marked at an incomparably low price.

possible for the recent bursting of the Kamajaparam tank in India.

There had been very heavy rains, but when an attempt was made to preserve the bank of the tank scorpions issued from crevices in the earth-work in such numbers that the attempt had to be abandoned. Over 30 laborers were stung.—Shanghai Mercury.

**THE WORLD'S BEST**

Sold by Leading Dealers Everywhere

**THE LAXATIVE OF KNOWN QUALITY**

There are two classes of remedies; those of known quality and which are permanently beneficial in effect, acting gently, in harmony with nature, when nature needs assistance; and another class, composed of preparations of unknown, uncertain and inferior character, acting temporarily, but injuriously, as a result of forcing the natural functions unnecessarily. One of the most exceptional of the remedies of known quality and excellence is the ever pleasant Syrup of Figs, manufactured by the California Fig Syrup Co., which represents the active principles of plants, known to act most beneficially, in a pleasant syrup, in which the wholesome California blum figs are used to circulate their rich, yet delicate, fruity flavor. It is the remedy of all remedies to sweeten and refresh and cleanse the system gently and naturally, and to assist one in overcoming constipation and the many ills resulting therefrom. Its active principles and quality are known to physicians generally, and the remedy has therefore met with their approval, as well as with the favor of many millions of well informed persons who knew

of their own personal knowledge and from actual experience that it is a most excellent laxative remedy. We do not claim that it will cure all manner of ills, but recommend it for what it really represents, a laxative remedy of known quality and excellence, containing nothing of an objectionable or injurious character.

There are two classes of purchasers; those who are informed as to the quality of what they buy and the reasons for the excellence of articles of exceptional merit, and who do not lack courage to go elsewhere when a dealer offers an imitation of any well known article; but, unfortunately, there are some people who do not know, and who allow themselves to be imposed upon. They cannot expect its beneficial effects if they do not get the genuine remedy.

To the credit of the druggists of the United States be it said that nearly all of them value their reputation for professional integrity and the good will of their customers too highly to offer imitations of the

## Genuine—Syrup of Figs

manufactured by the California Fig Syrup Co., and in order to buy the genuine article and to get its beneficial effects, one has only to note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package. Price, 50c. per bottle. One size only.

### Bird Breeding Islands.

During the last year the Audubon Society of Louisiana has rented some 17 bird breeding islands, located in the waters of the gulf. Last year the islands were watched by two wardens whose wages were paid by the national committee of Audubon societies, and although they were not strictly able to prevent trespassing and egg stealing nevertheless the results attained were wellnigh marvellous. On their own and the neighboring islands of Breton reservation, owned by the federal government, by these simple preventive measures, there were

### Thunderstorms on the Water.

"On the water," said a grizzled old bayman, "when you see a thunder-storm rising you want to keep an eye on the lightning. If you see it coming further and further from where you first saw it, or further and further to the left, why, that indicates that the storm is working to the right, or to the left, and it may pass around you, besides striking down farther and farther the time getting brighter and brighter, why, that indicates that it's coming straight toward you; and that's the

### A Positive CURE

## ELLY'S CREAM BALM

Is quickly absorbed. Gives Relief at Once.

It cures, soothes, heals and protects the diseased membrane. It cures Croup and drives away a Cold in the Head quickly. Relieves the Soreness of Throat and Sorel. Full also of the, Druggists or by mail. Trial Size 16 cts., by mail. Ely Brothers, 60 Warren Street, New York.

## HAY FEVER

hatched and raised all of 40,000 birds, composed of the following species: Common Golden Plover, Texas royal tern, laughing gulls, black skimmers.—Country Life in America.

**Superb Scenery, Splendid Scenery**  
en route to Niagara Falls, Mapakoa and Kawartha Lakes, Georgian Bay and Temagami Region, St. Lawrence River and Rapids, Thousand Islands, Algonquin National Park, White Mountains and Atlantic Sea Coast resorts, via Grand Trunk Railway System. Double track Chicago to Montreal and Niagara Falls, N. Y.

For copies of tourist publications and descriptive pamphlets apply to  
Geo. W. Vaugh, A. G. P. & T. A., 135 Adams St., Chicago.

**The Port of Hong-Kong.**  
Hong-Kong is one of the most active shipping ports in the world, but it is not a market. It is a convenient port for the carrying of goods from and

time, son, when you want to make for home, or got in your sail and make something snug till the storm passes over."

**Died in Westminster Abbey.**  
Henry IV. died in Westminster Abbey in 1413. It is claimed that from that time to this no life has ended there, except that of a minister named Shephard, who dropped dead in the famous old sanctuary, just as he finished a speech, at a meeting recently held under the chairmanship of the Dean of Westminster.

**Lady Minto's Work in India.**  
The countess of Minto, who did so much to extend the work of the Victoria Order of the Star in Canada, has now undertaken a similar work in India, where her husband succeeded Lord Curzon as governor general.

# AMONG CRANBERRY MEN.

EDITED BY W. H. FITCH.  
(All communications and special exchanges relating to this department should be sent to Cranberry, Wood County, Wis.)

**Situation in the East.**  
In an elaborate and well edited view of the conditions existing in the East, the Wareham Mass. Courier, gives the different points of view taken by those concerned in the disposition of the crop.

It is hoped the presentation of the matter will result in a clear understanding of the case, and a judicious position reached and maintained.

The following editorial is a earnest appeal for the square deal although it may be suggested that the mistakes made are more from want of knowledge than from malice, as many cases, and of course should be accepted with allowances.

Cranberry growers' view.  
As in past seasons, in order to anticipate the demand of cars to be given for the shipment of the Cape Cod cranberry crop, the car department of the N. Y. N. H. & H. R. R. sought to obtain an estimate of the crop. To this the printed blank forms provided by the railroad were sent out to the freight agents of the whole section. These agents, not being conversant with the subject in many instances appealed to the local buyers for assistance. In this way the buyers were given the opportunity to predict as large a crop as they chose thereby tending the market price of the fruit according to the predicted yield.

The estimate as obtained by this method in past seasons has proven unmathematical and unreliable and should be allowed to have no weight with the growers in the selling price of their fruit. Last year the estimate as obtained in this way was given out to be the same probably as the season of 1901, when in reality it fell far below the crop of that year. The shipments of 1901 amounted to 250,000 barrels, while that of 1902 was covered by 150,000 barrels. The inaccuracy of the railroad estimates can very plainly be judged by the estimates of the past and there is no reason to believe that the railroad report this year emanating from the sources that it does in any manner accurate.

It would be accordingly be influenced by the estimates, if they are fortunate enough to get hold of it. For some unaccountable reason, the estimate of the N. Y. N. H. & H. R. R. has been refused to the growers, and while the inaccuracy of the estimate makes it of less material value to the growers, we fail to see why the buyers should be favored in place of, or to the exclusion of the growers. As soon as all chicanery and crooked dealing ceases and only fairness and honesty exists between the grower and the buyer, then will the interests of each be best served in the cranberry district of Cape Cod.

The present situation which has arisen locally between the buyers in their attitude to gain the control of the section and breaking the prices among themselves is a very important condition for the growers. The growers have got to work concertedly in an effort to preserve their own interests and if buyer and grower will ever come to a fair and honest understanding a better condition will of necessity result.

**Promoting Consumption.**  
The importance of promoting demand is well emphasized and expressed in the following communication to the Wareham (Mass.) Courier, and should be accorded attention and consideration the matter deserves.

As this issue of your paper will be read by many of the cranberry growers of the Cape, I wish to call attention to two factors of great moment to the growers. First, consumption and demand. Second, method of marketing. The first is the most important factor in the marketing of cranberries, and should be accorded attention and consideration the matter deserves.

As this issue of your paper will be read by many of the cranberry growers of the Cape, I wish to call attention to two factors of great moment to the growers. First, consumption and demand. Second, method of marketing. The first is the most important factor in the marketing of cranberries, and should be accorded attention and consideration the matter deserves.

Now certain efforts have been made to introduce the berry to foreign markets, but have proper efforts been made to increase home consumption? Personal experience in many of the large hotels in the United States has demonstrated the untimely fact, that few cooks understand the best methods of cooking and serving the cranberry.

Would you not be doing a good work, and all others interested in cranberry culture, by taking up this question and setting before the public the various ways of properly picking and serving the most beautiful of all berries. Believing that we should do all we can along this line, have taken the liberty to enclose what has been considered a very excellent receipt for cooking the fruit.

Yours truly,  
Franklin F. Marsh.  
In Wareham (Mass.) Courier.  
Cooking Cranberries:—Select good berries and wash thoroughly. Put one quart of cranberries into one quart of water. Cover the same and cook until the berries begin to burst. Then add one quart of granulated sugar, stirring slowly and lightly. Then cook slowly for one or two hours.

—A cranberry grower of 15 years experience would like to take charge of a marsh. Address A. R. Kuschke, Peot, Wis.

# COUNCIL PROCEEDINGS.

Council Room, Oct. 2, 1906.  
Council met in regular session Mayor Whelan presiding. Present Aldermen, —Arpin, Ketchum, Stebbins, Howard, Gross, Nierow, Gustafson, Pantor, Robert, Jackson, Ristow, Rossier, Lyon, Hill and Hansen. E. A. Abbott, —Aldermen Kustubak.

On motion, the reading of the minutes of the previous meeting were dispensed with.

The sewer committee reported favorably upon the petition of Wm. Stack and others for a sewer on Grand Ave., and on motion, the report of the committee was laid on the table.

Mr. Pfeiffer recommended that the laying of a water pipe according to Mr. Bossett's petition be laid over until next spring and that the work be done at that time. The matter was left with the water works committee to act as they deemed advisable.

There was presented the petition of W. P. Sydnor and others praying for the improvement of Gaynor Ave., and on motion, the same was referred to the street committee.

There were presented the petitions of Jacob Lutz and others, Joe Wheeler and others and Glas, A. Dixon and others praying for Honorable Body not to change the proposed location of the fire engine house and police station from the north end of Lot 10 in Govt. Lot 1 Section 17-23-6. On motion the petitions were referred to the committee on general business.

There was presented the petition of P. J. Wood and others praying for Honorable Body to locate the proposed engine house and city hall in a different and more suitable location than on Lot 10 in Govt. Lot 1, Section 17-23-6, and on motion, the same was referred to the committee on general business.

On motion, by a unanimous vote, the clerk calling the roll, O. F. Nierow's wages as foreman were set at \$7.50 per hour.

On motion, the matter of making arrangements for the polling places and change there for was left to the finance committee.

On motion, Geo. R. Miller was allowed \$5.00 on his bill of \$100.00 for the plans and specifications of the new fire engine house, the balance to be paid upon the completion of the building.

John Pienke, for use of dwelling for registration and election, \$11.00  
and also for heating, \$11.00  
Milwaukee Granite Co., for crushed granite, \$7.81  
Electric & Water Co., for pumping, \$210.43  
Milwaukee Malleable Iron Co., for supplies, \$2.00  
Hodman & Billing Mfg. Co., for supplies, \$5.75  
A. L. Pauline for printing bill heads, \$1.74  
Jas. Clemenbaum, for 500 bricks for \$3 per M., \$1.50  
J. E. Farley, for supplies, \$7.88  
Johnson & Hill Co., for supplies, \$57.51  
Fred Bessert, for 312 ft. for A. L. Fontaine, \$21.96  
Kellogg Bros. Mfg. Co., for supplies, \$37.17  
F. J. Wood, for ten hundred washed stones, \$16.25  
Central Mfg. Co., for supplies, \$31.03  
G. R. Schuman, for special publication, \$39.00  
First National Bank, —Interest on Sept. Over Draft, \$21.99

The following bill were presented and on motion the clerk was instructed to draw the orders therefor when the bills are properly O. K'd.
